This drop-in session on Wednesday afternoons offers the chance to sew and knit with others. If you are interested in sewing we will help you sketch out and design your ideas; show you how to make a pattern or work from a bought one; update or customize favorite or outdated clothing and encourage children to start on simple creative projects.

If you've always wanted to learn to knit we will teach you the basic stitches and explain how to read a knitting pattern. There will be help available for those who can knit but are interested in taking on more ambitious projects along with lots of knitting patterns, magazines and books to inspire everyone.
